NOTICE OF POSSIBLE ERROR IN PATENT TERM ADJUSTMENT

MAIL STOP PATENT EXT.

Commissioner for Patents

PO Box 1450

Alexandria, VA 22313-1450

Sir:

It has recently come to our attention that there may be an error in the patent term adjustment calculated by the U.S. Patent and Trademark Office for the above-referenced patent. The patent term adjustment pursuant to 35 USC 154(b) that is indicated on the front of the patent as 3650 days may extend the term of this patent by too many days.

More specifically, we believe that the patent term adjustment calculated pursuant to 37 CFR § 1.703(b) of 1322 days may be in error. When the period of adjustment due to the successful appeal pursuant to 37 CFR §1.703(e) is excluded from the sum of the period of adjustment calculated under 37 CFR § 1.703(b), pursuant to 37 CFR § 1.703(b)(4), we believe the amount of 1322 days should have instead been 555 days. Accordingly, we believe the patent term adjustment pursuant to 35 USC 154(b) that is indicated on the front of the patent may extend the term of this patent by too many days, and are hereby putting the public on notice by the filing of this paper.

Please make this paper of record in the file history of the above-identified patent.

Date: _____

June 1, 2011

Respectfully submitted,

Paul N. Hillis
